

Romain Traboul

DATA ANALYST / SCIENTIST

06 10 68 12 65

romain.traboul971@gmail.com

Eysines (33320)

With a Master's degree in Digital and Sports Sciences (DIGISPORT), I am looking to apply my skills in a position focused on data in sports.

EXPERIENCES

Data Scientist Intern | Clermont Foot 63 | 02/2024 - 07/2024

- Developed a deep learning model to evaluate the quality of on-ball actions based on their probability of leading to a goal, enhancing the objectivity of match analysis reports shared with the coaching staff
- Built a deep learning model for classifying phases of play, designed to be integrated into the club's analysis workflow and supporting pre- and post-match reporting

Data Analyst Intern | S.A Mérignac Football | 04/2023 - 05/2023

- Extracted and processed statistical data from match videos, transforming raw information into structured datasets for analysis
- Produced statistical reports that provided the coaching staff with quantified insights on team performance during the competition period

SKILLS

- Teamwork
- Organized
- Adaptability
- Curiosity

PROGRAMMING / SOFTWARE LANGUAGE

- Python
- R
- SQL
- Github
- Streamlit
- Excel

PROJECTS

Web application to visualise team and player performance during the 24/25 season in the big 5 leagues | 12/2025

<https://big5-styles-of-play.streamlit.app/>

Web application on the impact of the 1st goal, the temporal distribution of goals and the influence of home advantage in French competitions | 03/2025

<https://datavizfrance-romain-traboul.streamlit.app/>

Development of a model for evaluating the quality of an action in football | 06/2024

Internship Dissertation in M2 DSP

FORMATION

Master of Digital Science and Sport | University of Rennes 2 | 2022 - 2024

Data Science Course

Master 1 Statistical and stochastic modelling | University of Bordeaux | 2021 - 2022

Bachelor's degree in MIASHS (Mathematics and Computer Science Applied to Humanities and Social Sciences) | University of Bordeaux | 2018 - 2021

Cognitive Science Course
